Business & Site Controller (m/f/d)

About YAGEO Nexensos

We are the experts for reliable temperature sensors, even at extreme temperatures and in demanding applications. As the global market leader for platinum thin-film technologies, we offer sensor elements and assemblies with the highest quality standards from -200 °C to +1,000 °C. We enable reliable and sustainable applications and thus make an important contribution to key issues of our time, such as clean air, energy efficiency and resource conservation. We support our customers from rapid prototyping to large-scale production and with constantly adapted production capacities in Europe and Asia.

These exciting tasks await:

- As Business & Site Controller, you are the direct contact person for our management team.
- You will be responsible for production and investment controlling and support the budget owners with annual budget and strategic planning.
- In your role, you will carry out target/actual comparisons and root cause analyses and develop recommendations for action.
- You prepare, analyze and comment on the monthly and annual financial statements of the Product Business Unit and Site.
- You will also work continuously to optimize our controlling and finance processes and ensure data quality.
- You will also be responsible for creating management reports and presentation documents.
- You will also be responsible for other projects and topics within the finance team.
- In your role, you will report to the Global Head of Finance.

Your Profile:

- Successfully completed studies in business administration, industrial engineering, business informatics or a comparable field of study
- Several years of professional experience in controlling, preferably in an industrial company
- Very good written and spoken English skills
- Experienced with MS Office applications and very good knowledge of SAP
- Strong analytical thinking, quick comprehension, initiative and confident interaction with business partners and colleagues
